2018 World Kidney Day Activity Report

Activities of Note:

- March 6th, 2018

An institutional meeting, was held in the Spanish Senate, where the representatives of the S.E.N., SEDEN, ONT, and ALCER, wanted to arise the attention from the authorities about the importance of kidney health. They were received and presented by the Spanish Government Delegate of the Health Commission at the Senate, and the event was closed by the President of the Spanish Senate.
