2. Educational lectures on official website of Health Times

On March 12, 2020, six experts in nephrology gave online educational lectures on the official website of Health Times. Several topics have been covered, such as healthy lifestyle including physical activities and healthy diet; how to control diabetes and blood pressure in CKD; treating complications such as uremia and cardiovascular disease in patients with advanced kidney disease. Experts called on the public to recognize that early detection and prevention of CKD is an urgent issue and need to be addressed immediately. During the two and a half hours' online education, more than 71,000 people participated online and brought up more than 290 questions (Picture 3, 4). For more information, please go to <https://mp.weixin.qq.com/s/8wxnEtXENBNJb7XtueTqGg>, and <http://health.people.com.cn/n1/2020/0313/c14739-31630121.html?from=groupmessage&isappinstalled=0>

3. Expert forum on China Medical Tribune

To celebrate the 15th World Kidney Day, the China Medical Tribune has invited 19 top experts in nephrology to record special short videos on March 11, 2020, elaborating the importance of CKD prevention and calling on all people to pay more attention to their kidney health (Picture 5). Videos for this activity have received more than 32,000 visits. For more information, please go to <https://mp.weixin.qq.com/s/XyIl6ZECQH0JAbzxmV7cRA>.
