Activities of note (please give a brief description of the activity with links to online sources that mentioned it):

BC Renal is working to encourage and support a patient/care team partnership whenever possible. Throughout March, we are highlighting many resources we and our partner organizations have for health professionals and people living with kidney disease. For patients and caregivers, the [Managing My Care](#) section of the BC Renal website offers information and tools on many important topics.

For care teams, the Health Professionals section provides related clinical resources for [Palliative Care](#), [Self-Management](#), [Social Work Support](#), [Symptom Assessment and Management](#), [Transitions in Kidney Care and more](#).

Also, check out and register for our upcoming [Province Wide Rounds](#), with four online sessions scheduled for March, including the Mar. 19 [Enhancing Patient Self-Management with Motivational Interviewing and Brief Action Planning in Kidney Care](#), presented by Connie Davis.
