

# WKD 2023 Report

---

**Name:** Prof. (Dr) M.A. Samad, Founder and President, Kidney Awareness Monitoring and Prevention Society (KAMPS).

**Organization name:** KAMPS, a leading voluntary Kidney care giving organization of Bangladesh, has held a series of events to mark the '**World Kidney Day 2023**'.

Since its foundation in the year 2005 KAMPS has dedicated itself mainly in creating awareness among general people about the consequences of harmful kidney diseases.

KAMPS keeps working relentlessly to make people aware about the prevalence of this disease, find out its common causes and to convey the message of prevention to the people of all over the country for the last 19 consecutive years.

KAMPS had designed all of its program of 2023 in line with the theme of the '**World Kidney Day 2023**', which mainly aims at creating awareness about common disasters in our region and preparedness to minimize casualties and suffering of kidney patients.

Like the previous years, this year also, KAMPS has taken move to publish new reports, views, articles and interviews on kidney diseases and its prevention in the country's leading daily newspapers.

Besides, exclusive interview of **Prof. Dr. M. A. Samad** was aired pre and post events of World Kidney Day-2023 in different popular TV Channels.

Representatives from all walks of lives including doctors, teachers, media representatives, players, singers, celebrities, political leaders, government officials were involved in most of programs of KAMPS.

A brief description of the programs, organized by KAMPS, marking the **WKD-2023** is produced below along with literature and their pictorial views.

This is to mention specially that the relentless effort, made by the KAMPS for almost two decades, has come up with the fruition that now people even in some remote areas of the country, are aware of their very vital organ 'Kidney'. They know what a kidney is, how the kidneys may go failure and how to prevent the disease.

The widespread awareness-raising campaign, free screening program, Seminar, and publicity through print and electronic media by KAMPS has made this possible in many parts of the country.

KAMPS also has taken a move to aware Physicians of separate discipline about the severity and consequence of kidney disease in their mind so that when they treat patients, can guide them how to be

careful to keep their kidneys sound. Similarly, the teachers, social leaders, community leaders and public-representatives so that a comprehensive kidney-awareness oriented society can be built up.

**Country:** Bangladesh

**Number of events organized/collected in your country:** 8

*Samples testing in KAMPS Pathology.*

*Doctor prescribes medicines to a kidney patient.*

**EVENT: ROUNDTABLE ON THE EVENT OF WKD.**

**DATE:** 4 March 2023

**PLACE:** National Press Club, Dhaka.

**DETAILS:** Voluntary organisation Kidney Awareness, Monitoring and Prevention Society (KAMPS) organised the roundtable discussion as part of its series of program in observance of the World Kidney Day-2023.

Founder and Chairman of KAMPS Prof. Dr. M A Samad moderated the roundtable, who also made a PowerPoint presentation on the theme of the current year's world kidney day.

Eminent Nephrologist and Chairman of Kidney Foundation, Prof. Dr. Harunur Rashid said kidney disease is silent disaster because this disease does not show any symptom until it gets about 80 percent damaged, so early detection is the biggest need to follow.

Architect Iqbal Habid, general Secretary of BAPA strongly suggested to make sufficient investment on awareness raising program in a bid to prevent fearsome things like kidney disease or staying a building which is not earthquake resistant.

Director General of the Department of Disaster management, Md. Mijanur Rahman mentioned that recent disaster in Turkey and Syria has posed a warning for the rest of the world to be aware from right now.

He said the government is already aware and planning all the needful which is possible in managing all sorts of disasters.

Shedding light on the overall scenario of Kidney diseases in the country including its reasons, treatment and consequences, Prof. Samad said that every possible effort should be made to ensure the right to treatment of kidney patients all over the country irrespective of rich and poor or disadvantaged groups.

He said that the governments should include emergency preparedness plans in the management and detection of NCDs and favour the prevention of these conditions.

Prof. Samad also suggest that the patients should plan for emergencies by preparing an emergency kit that includes food, water, medical supplies, and medical records.

Brig. Gen. (Retd) Engr. Ali Ahmed Khan, former Director General, Fire Service and Civil Defence, Dr. Mehedy Ahmed Ansary, Professor, Department of Civil Engineering, BUET, Prof. Prof. Dr. Nizam Uddin, President, Bangladesh Renal Association, Prof. Dr. Md. Qamrul Islam, Managing Director, CKD & Urology Hospital, Dr. Abdul Latif Helali, Project Director, Urban Resilience Project, RAJUK, Gazi Ashraf Hossain Lipu, former skipper, national cricket team, Prof. Dr. Harisul Huq, Professor of the Department of Cardiology, BSMMU and General Secretary, KAMPS addressed the roundtable discussion as panel discussants.

*KAMPS Executive Director Mr. Rezwan Salehin gave his speech.*

*KAMPS organized a Roundtable, topic 'Kidney Health for All - Preparing for the unexpected,'*

sports and cultural arena, media personalities participated in the discussion meeting. The program was highlighted in all most all TV channel, radio and was published in most of the leading daily news. They also stressed to adopt integrated health strategies that prioritize prevention, early detection, and management of non-communicable diseases (NCDs), including kidney disease.
