

WKD 2022 Report

Name: Board of Directors of UDiT SBK / KSB

Organization name: Udruženje/udruga dijaliziranih i transplantiranih bolesnika sbk/ksb

Country: Bosnia and Herzegovina

Number of events organized/collected in your country: 1

Activities of note (please give a brief description of the activity with links to online sources that mentioned it):

On World Kidney Day, which is usually held every second Thursday in March, events and activities last throughout the third month, and yesterday it was "icing on the cake" and it is the Knight's Race, which brought together about 200 runners / competitors and about 400-500 citizens of the municipality of Vitez as fans who supported the participants of the race with applause and cheering at the start and end of the race.

In the senior category, the first places were taken by the national champions Amela Trožič and Uroš Gutić, and in addition to the senior category, awards were given to the best juniors and veterans.

Yesterday Vitez was BiH in small because we had race participants from various cities of our country.

The race gathered many young people and recreationists, which we are especially glad about, because this event is primarily dedicated to the prevention of kidney disease, which are primarily physical activity and healthy eating.

We would like to thank everyone who supported the event, especially our sponsors, donors, patrons, and individuals without whose help it would not be possible to organize this very important event.

List of media that published WKD press releases or mentioned WKD related activities (newspapers, magazines, online publications, TV, radio, etc..) – please provide link to online sources:
