

The 18th World Kidney Day (WKD) on March 9 in South China Hospital, Shenzhen University, Guang dong, China.

Prof. Zou (Hequn Zou) and his team did a lot of work to mark WKD.

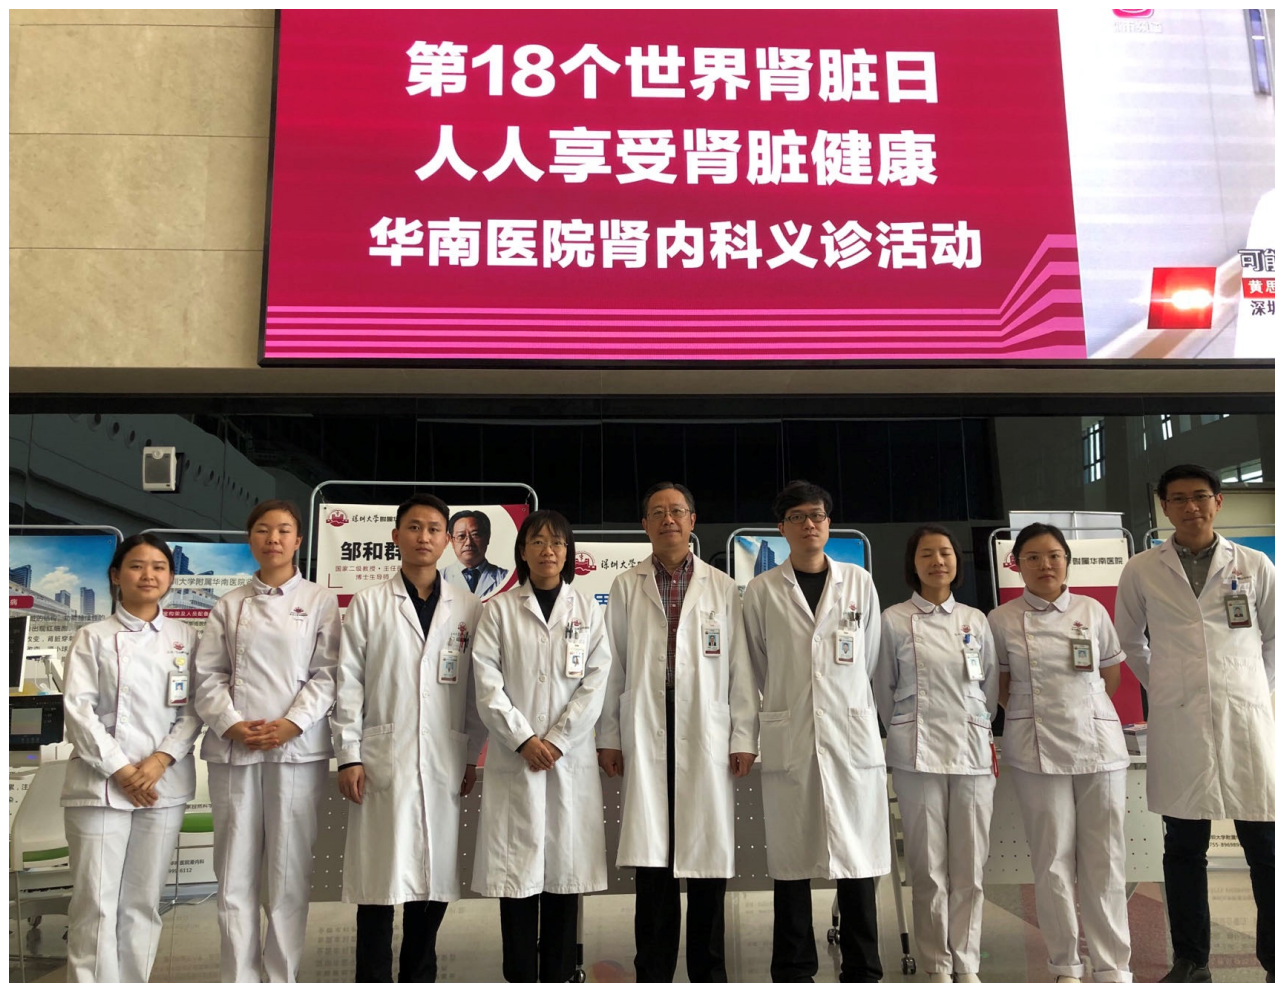

Prof. Zou (Hequn Zou) and his team provided professional consultation on how to prevent and control chronic kidney disease and improve the quality of life.

Prof. Zou (Hequn Zou) gave advice on better dialysis.

Dr. Li (Xiaolin Li) gave a lecture on how to direct and improve the quality of life for patients with chronic kidney disease.

The group photo of Prof. Zou (Hequn Zou) with his team.
