

WKD 2023 Report

Name: Oluwaseun

Organization name: Kidney Health Sense Foundation

Country: Nigeria

Number of events organized/collected in your country: 1

Activities of note (please give a brief description of the activity with links to online sources that mentioned it):

Kidney Health Sense Foundation celebrated World Kidney Day in grand style at Didado Foundation Schools, Fadeti, Lagos, Nigeria. Health education was given with a major focus on this year's WKD theme. Questions were answered and people were happy.

145 people were screened altogether, out of which 76 were students in SSS1 to SS3 classes. Blood pressure, blood sugar, and urinalysis were done on them all.

Those who had one of the above risk factors were given referrals to tertiary institutions for further investigation, and that comprised 12 students with either high blood pressure, an increased blood sugar level, or abnormal findings in their urine.
