2018 World Kidney Day Activity Report KHNZ

- A fun run fundraiser went ahead on World Kidney Day Thursday March 8 with good attitudes keeping away the inclement autumn rain. Runners, walkers and sausage sizzle chefs raised nearly \$1400. Whangarei's run/walk was attended by around 110-20. Dargaville had 40 participants. At Auckland Hospital the renal team offered free blood pressure, blood sugar and urine screening in the main reception area, together with a photo booth which proved popular.

Further South in Dunedin the local support group held a Walk for Kidney event with several supporters turning out for a walk around the Otago coastline to raise awareness.

KHNZ also had a banner on the Stuff website with some editorial which was online for two weeks in March
